Dear Business Partner,

for almost 100 years now, you have known us as a partner for the sale and service of machinery and equipment.

In our opinion, reliability also includes informing you promptly about important events that also affect your company.

In this regard, we would like to inform you that our company will be liquidated on **December 31, 2025**.

We will endeavor to continue to be your reliable business partner until the end of the year, but we ask for your understanding in advance should minor disruptions occur.

If you have any questions or need to coordinate with us, please feel free to contact your usual contact person.

We are very sorry to have to inform you of this, but we hope for continued good and cooperative cooperation, even during the remaining phase-out period.

Sincerely,

Hans C. Schmidt u. Sohn GmbH
